Reason for Inspection: Police Department workplace fatality referral 2329676

Inspection: 1841662

Date of Inspection: 8/1/2025

Site: 358 George Carter Rd. Becket, MA 01223

Company: Jacob's Pillow Dance Festival, Inc.

Managing Personnel: Anthony Pietrantone – Deputy Director
Brianne Szymanski – Facilities Safety and Security Administrator

Details:

On August 1, 2025, CSHO (b) (7)(C) was assigned to inspect a Police Department workplace fatality referral with the following description:

- (b) (7)(C) employees guiding a wheeled dolly with plywood down a hill could not control speed of the dolly and cart tipped over and landed on one of the employees.

Upon arriving, CSHO found the Deputy Director and Facilities Safety Administrator and performed an expedited opening conference, explaining the reason for and scope of the inspection to include the following: Private employee interviews, physical inspection of the work site, and a review of documents and programs related to the work being performed.

State Police and Becket Police were onsite investigating and conducting interviews with witnesses when CSHO arrived. As they were preparing to have the scene cleaned, CSHO took measurements and photographs of the cart involved in the incident before a contracted company proceeded to work to clean the site.

CSHO then held a longer conference/question session with the Deputy Director, who provided the following information:

- The decedent (Kathryn Sirico) was a seasonal worker whose position was Production Manager and started the position in April of this year.
- Production Manager responsibilities involve supervising up to 8 people in the technical aspects of lighting, staging, and sounds for shows playing at the Doris Duke theater (newest addition to campus)
 - o Approximately 50 companies put on shows here during the summer months, up to 8 performances per week (One per day and twice on Saturday)
- Kathryn had put in a high volume of hours over the last three weeks, potentially working 12-15 hours per day, six days a week.
- The items being moved were Masonite platforms, or Eucaboard, used for stage covering.
 - o Eucaboard is a tempered hardboard
 - o **These components are used by Jacob's Pillow to cover up existing staging in the Doris Duke any time equipment (such as scissor lifts or aerial lifts) are used in work activities to keep the main staging floor from being damaged.**
 - 📖 This recommendation was provided by contractors of Allegrone Construction, who constructed the Doris Duke theater just a few months prior to this inspection.

Incident:

As per witness statements, video footage of the incident, and police reports, the accident took place as follows:

- During the afternoon of August 1, 2025, at approximately 1231 hours, Kathryn Sirico was working to make space in the storage area of the Doris Duke Theater to fit new materials for an upcoming performance. As part of the process, Kathryn was moving a material transport cart loaded with Masonite hardboard to a different location. Near the front entrance to the Doris Duke Theater, Kathryn requested that (b) (7)(C) assist her in moving the cart. Positioned so that each of them was at the ends of the cart, they proceeded to walk to an area of the path with a downward slope. (b) (7)(C) Moments later, the cart began gaining speed while going down the sloped surface, as well as turning horizontally as the (b) (7)(C) employees lost control of it. While horizontal, the cart tipped in the direction of the hill and landed on top of Kathryn, who had been leading it down the path.

EMS was contacted immediately while (b) (7)(C) staff members with medical training proceeded to administer CPR. The cart was moved off the victim and both oropharyngeal airway (OPA) and automated external defibrillator (AED) were applied, but the AED signaled that no shock was necessary. EMS arrived shortly after the CPR attempts and after an assessment of severe head trauma, a Paramedic called the time of death.

During the inspection of the scene, the following was noted:

- The Masonite boards were 4 feet in width, 8 feet in length, and ¼ inch thick. CSHO counted approximately 32 Masonite boards that were being transported on the cart at the time of the accident and according to the manufacturer specifications, each board weighed approximately 44lbs, meaning the approximate weight being pushed, not including the cart itself, was **1408lbs**.
- A Bobcat PIT, model UW56 was onsite and used to remove the cart and Masonite panels from the scene.

Results:

CHSO recommends no citations be issued to Jacob's Pillow Dance Festival, Inc. for inspection 1841662.

Employee Interview Sheet

Today's Date and time:

How long have you been with this company?

Union? Yes

No

NOTES:

Business: Bringing in 50 Companies for dance festival

Summer Program: 50 companies for 9 weeks

170 - seasonal FTE's

~~Receiv~~ Recent was seasonal

- Production Manager (supervises technical aspects)
- Supervised (and people) Lights, sound, etc.)

Started April 1 2025

Doris Dulce Theater (newest)

Worked for us before.

Professor of Theater Technology at U of Rochester

- Doesn't Live on campus

- Lives in separate housing

Last 3 weeks:

Put in high volume of hours recently. 12-15 hour days

Supposed to have an event, Dance battle in the round.

- May have been making items to create platforms.

Plywood Platforms are drag & drop installed.

Shows everyday, 2 on Saturday.

Training: Pre-existing certs. Supervisors train other apprentices.

- classes on technical aspects.

- In class training

- Training is documented

Jason Wells interview:

(b) (7)(C)

Director of Technical Production

Started Jan of 2023. Full time since then.

- I manage the production department
 - Non fest season: Two other full time EE's I supervise.
 - Preparing for festival season, overseeing preparation, both off and on-campus technical production planning
 - Festival: Team of around 40 people. I oversee and manage the group. The production dept is responsible for each production element related to artists' vision and directions
 - Teams are broken up by theater: Two indoors and one outdoor
 - On each team – Stage carpenter (scenery, flooring, etc.) Two people in the lighting area in each theater, an Audio engineer for each theater, and a wardrobe person.
 - Small operations team that does random tasks as needed
 - Staff in the theatre (technicians) are supervised by the production manager
 - Kat oversaw the Doris Duke Theater
 - Supervised 5 people in her area.
 - Summer staff are all seasonal workers. Some staff come on contract at the end of winter to work offsite. Advanced show planning.
 - Only full time is me, and two others. The rest are all seasonal.
- Safety requirements:
 - Safety training at the beginning of summer. General stagehand safety, PPE, etc.
 - Specific training on how to work outdoors.
 - Educational environment that aims to give people training on specific devices they use (as per their tasks)
 - Example: The need to cut plywood with a saw. The supervisor would provide training to the individual on how to use equipment.
 - We are looking for people with experience in each field before hiring, if possible.

- Production manager training:
 - Management training
 - How to manage a team
 - Responsible for informing and training individuals
 - Full time staff do OSHA 30 classes.
 - How do you know the supervisors are proficient/competent enough to train technicians:
 - Use reference checks to check prior experience
 - I try to observe their work for deficiencies when they start, and would try to train after
 - No specific training provided to managers before they start training others
- Our departments don't do a lot of construction for sets
 - Example: Kat had been trained in scissor lifts and use of equipment in that sense.
 - Used prior experience to state that they had been trained on equipment such as scissor lifts, aerial lifts, fall protection, etc.
 - Provided with a certificate of training
- Masonite staging:
 - Incident was with Masonite staging on a cart
 - Masonite is used when we need to move aerial lifts/scissor lifts across a staging. Architects and engineers instructed us to use it due to the weight of the equipment, so that the floor doesn't get damaged.
 - Documented? – Don't know the answer to that question
 - Had a long discussion between engineers and general contractors that advised us of what we should do. Allegrone was the contractor
 - The regular stage floor is permanently installed sprung floor.
 - We would lay the Masonite floor over it when we are working on it using lifts or heavy equipment
 - Where was the Masonite being transported to?
 - My understanding is that they were rearranging the shop in the Doris Duke to accept rental orders in the space that day
 - I believe the moving of the Masonite was to free up space
 - I don't know where they were taking it.
 - It would typically be in the storage area of the Doris Duke
 - The white walled area
 - I don't know if it was being used in another area
 - How often is the Masonite moved?

- It is mostly stored in the Doris Duke, and it stays there.
 - The cart has been in the Doris Duke storage area for most of the season. I believe it was there in June when the season began.
- The other two theaters do NOT require Masonite to be put over it to work with heavy equipment.
- Kat moved the Masonite on her own. There were no instructions to move it by anyone else
- Hours worked by production:
 - The volume of 12-15 hours per day, 6 days a week, is accurate for the festival time
 - Sometimes we work 9am – 10pm.
 - The extra hours Kat was doing was for prep work for future shows
 - Kat's team was not putting in those same hours
 - They technicians do work lots of hours, but not regularly on the same schedule
 - The new building has been recently given to us by the contractor, and production managers would need to put in extra hours:
 - There were unknowns about the building we were still figuring out
 - Example: Learning how to use the audio/rigging/lighting systems
 - We had to wait until the building was open to see the facilities of the facility, so when we received instructions from the artists, the production managers had to test the systems and figure out what the plan was for meeting the artists' needs
 - Did Kat bring up any concerns about reducing their hours?
 - We had a conversation about reducing their hours on Sunday/Monday the week of the accident. They had been working so many hours that they wanted to cut them down, and we were working on that.
 - Did Kat maintain the same number of hours that week, even after discussing their concerns?
 - Possible. We discussed other means of
 - We had a meeting planned for 4:00 pm the day the accident occurred, regarding their schedule moving forward.
 - Were concerns brought up to you about hours worked prior to Kat bringing it up?
 - Yes, there were concerns raised
 - Generally, the production team... (long pause) ...

- No specific memory of any one individual coming to me and saying they were working too much.
 - We were trying to cut people's hours back in general
 - There was a general feeling of being overwhelmed by the amount the production team was doing, but not in regards, specifically, to the hours.
- I think that the concerns started within about a week before the incident
- I recall someone bringing to my attention that Kat had put in 100 hours on a timesheet.
 - It was probably 2-3 weeks prior to the accident
 - I had been encouraging Kat to take time off and to let somebody else step in to take over.
 - I had a conversation with (someone) about it, and I said that I was aware of the hours worked, and trying to get Kat to take time off
- My upper management and I had a conversation about the hours worked and the concerns. AJ was there, (b) (7)(C) and Ygor were there. I had communicated with them what I was trying to do. Was going to check back in and confirm what the plan was.
- Kat worked less hours after it was brought to our attention, and I believe Kat took the Monday off prior to the accident.
- I believe Kat worked 13 hours the day before the accident. They had left the night before at around midnight and came back in at approximately 9am the next day.
- We had just received an e-mail from employees who were having trouble working with Kat, and were aware of members not getting along, prior to the accident.
 - There were several department heads that had conflicts working with Kat
 - Regarded how information was being disseminated
 - Communication related
 - I believe Kat hadn't been great about sharing information, and it led to the department heads feeling that things were very disorganized.
 - A few occupational concerns had been brought up
 - There was a feeling of personal disputes, and how people were doing their jobs, which included safety
 - A pipe had been thrown out and hit a sprinkler head
 - Most conflict was in regard to personal management abilities.
 - Complaints had come to me verbally and in writing

- Complaints submitted by e-mail to me, AJ, and a few others.

Complaints for safety in the company are provided to me and/or managers verbally, or by sending e-mails. There are ways for staff to submit concerns anonymously.

There had been safety concerns about work on Kat's production team

- Heard through someone mentioning that someone didn't feel comfortable working in Kat's group. I believe most of it involves personality conflicts.
- [No unsafe work practice complaints that I heard](#)

Additional:

- Says "That's a big question" -took long pause-
- Not as it relates to safety
- Nothing else to add

Ygor Monteiro – Director of Talent Inclusion and Culture

Interview Questions:

Personal:

- How long have you worked there? – Since April 2023, full time/year around

(b) (7)(C)

- What is your position?
 - o Responsibilities: Oversee recruitment, talent development, offboarding. I do HR work.
- Do you oversee any aspects of safety there?
 - o My only involvement is that I work as a contact for safety concerns. They can take them to (b) (7)(C), or A.J., but they don't necessarily solve them. Formal issues are brought to me.
 - o I do interviews with the complainants
 - o I sent e-mails to the management team about the issues brought up during interviews
 - o A.J. makes a lot of logistical decisions for the company.
 - o They had a lot of issues with EE's complaining about overwork. This is not a new concept at the Pillow
 - o (b) (7)(C) brought to my attention that Cat, on July 8th, had worked 20 hours in one day. She also brought up not having enough time to eat while working due to lack of time to cook.
 - I sent an e-mail to leadership to bring this to their attention, and that the pattern of overwork can lead to medical conditions in employees, and they should look at mitigating work practices like this. I suggest a mandatory cap of 12 hours per day, or a specific limit of hours per week. This was an e-mail I sent to A.J. on July 25th, and no response was given
 - I started an investigation after that. An employee, Ethan, who is the festival video supervisor, asked me to speak at the same time as I had a meeting with another EE, so I asked him to speak with (b) (7)(C)

- He complained about having issues working with Cat (supervisor)
- He stated multiple times that himself, as well as others, has brought up concerns to Jason about safety issues. On July 30th an e-mail was sent bringing up multiple complaints about Cat. It was sent by (b) (7)(C) (b) (7)(C), and Ethan.
 - Alleged that Cat was disregarding safety rules around the production tasks.
 - Cat was protecting themselves from all of the complaints and said they “felt threatened” and unsafe at work. Stated people were screaming in the work area, they felt unsafe working with Ethan and (b) (7)(C).
 - 30 seconds before the accident happened, (b) (7)(C) asked if she needed help to move the platforms and was told “No” by Cat.
 - (b) (7)(C) and Cat had an issue, and they did not want to work together.
- (b) (7)(C)
- Their goal for writing the e-mail was not to have Cat removed, but to get support from leadership regarding the issues.
 - Several others had discussed working over 12 hours per day

Departments here are very Short staffed. Mostly interns who lack experience.

What were you doing when the accident occurred?

- The accident happened close to my office. Going down that hill, my office is at the bottom of a trailer. (b) (7)(C) and I, at the exact time of the accident, were discussing Cat’s threatening concerns.
- I heard a scream and went outside where I saw blood coming down the hill
- My first instinct was to call 9/11. (b) (7)(C) got people together to lift the platform off. 6-7 people needed to lift because it was so heavy
- I thought Cat was deceased immediately when I saw what had happened, even though CPR was being administered.

Do you know what Masonite was used for?

- It was a special floor used for something.
- No idea why and where they were going with it

- Not sure why Cat was transporting it with (b) (7)(C) people because it was so heavy

Was transporting Masonite a regular activity?

- Who did it? Don't know
- How often? No

Do you know why she was rolling it downhill?

- Where was she going with it? No
- What would be down there that she would be transporting the Masonite for? No

What made you submit the complaint after the accident?

- There's a pattern of ignoring issues when it would negatively affect the Pillow, such as saving money, or hurting production for the festival.
- Being short staffed and overworked is a pattern for how each summer goes here
- Before this happened, my boss brought up complaints to A.J. about air conditioning concerns, employees feeling sick, etc. I brought it up to him myself and nothing was done at all.
- I feel like I need to skip over some leadership to try and get issues resolved here.
- We are not paid overtime here because of seasonal employment
 - o We apply for seasonal positions, so there is no overtime
 - o Cat worked regular hours, and 80+ hours of overtime this summer so far
- I believe security and safety is the most important thing to consider for organizations.

You mentioned that this was a preventable accident

- How was it preventable?
 - o I was pushing to give Cat time off prior to the accident. I felt people were overworked. A.J. told us that they were trying to find more people.
 - o Ethan, from production, as well as (b) (7)(C), had raised concerns about Cat not following safety procedures.
- What warnings were provided to your leadership, and how were they ignored?
 - o What hazardous work environment?
 - The overwork concerns and lack of eating for Cat prior to the incident
 - o You said there was no "meaningful response" from leadership. What did they do exactly?
 - No addressing of the concerns at all
- What type of "chaotic and stressful environment" existed there?

- The production department has had numerous complaints about miscommunications, gatekeeping, people not knowing where they are supposed to be, etc. HR gets lots of complaints about this. HR was mitigating these complaints. (b) (7)(C) talks a lot with Jason but also shares the information with (b) (7)(C) and I about what is said by the complainants.
- Lots of complaints about hours worked, relationships affected, lack of workers there to help.
- You mentioned “Formal Complalints”
 - How do those work?
 - Jason referred personnel to me for complaints.

Additional:

- If (b) (7)(C) doesn't have any other complaints, (b) (7)(C) and Ethan can give more information on it.

Note: Inspections which are known to be incomplete will have the identifying Activity Nr shown in *italic*. Information for these open cases is especially dynamic, e.g., violations may be added or deleted.

Jacob's Pillow is lauded worldwide as a "hub and mecca of dancing" (*TIME Magazine*), "one of America's most precious cultural assets" (Mikhail Baryshnikov), and "the dance center of the nation" (*The New York Times*).

"The Pillow" is a treasured 220-acre National Historic Landmark, a recipient of the prestigious National Medal of Arts, and home to America's longest-running international dance festival.

It is with gratitude and humility that Jacob's Pillow acknowledges that we are learning, speaking, and gathering on the ancestral homelands of the Muh-he-con-ne-ok or Mohican people, who are the Indigenous peoples of this land. Despite tremendous hardship in being forced from here, today they reside in Wisconsin and are known as the Stockbridge-Munsee Community. We pay honor and respect to their ancestors and elders past and present as we commit to building a more inclusive and equitable space for all. As a cultural home serving the area now known as the Berkshires, we also pay our respects to the Indigenous people who continue to live in this region and exercise sovereignty: the Nipmuc to the East; the Wampanoag and Narragansett to the Southeast; the Mohegan, Pequot, and

Hello,

The Department of Labor National Contact Center (DOL-NCC) which operates the OSHA toll-free telephone service (1-800-321-OSHA) has received an after business hours inquiry which took place within your jurisdiction.

Attached is the transcript providing detailed information of a call received about an Occupational Safety & Health related concern. The transcript was produced from information left on a voicemail box from the customer calling to report their OSHA concern. The DOL-NCC has produced this transcript for your records and to take action if you deem necessary.

For immediate assistance with problems or for help in sending the transcript to another office or jurisdiction, please contact the DOL-NCC by calling the OSHA toll-free telephone number at 1-800-321-6742 during the hours of 4:30pm to 8:00am.

When contacting the DOL-NCC about a particular transcript, please provide a detailed description about your inquiry so that we may provide you with an informed response. Please refer all other inquiries to your OSHA Regional Coordinator.

Thank you for your time and assistance with regards to this inquiry.

Caller Provided Narrative:

Morning, my name is (b) (7)(C). I'm calling with the Massachusetts Medical Examiners Office to report a workplace fatality. I can be reached at (b) (7)(C). Again that's (b) (7)(C). I'm calling regarding the death of party by the name of Catherine Sirico, date of birth 1/2 of 85. This occurred at Jacob's Pillow Performing Arts 358 George Carter Road, in Becket Massachusetts. Based on the reporting that we have from law enforcement The deceased individual and an intern with the company were moving a dolly carrying a heavy platform and they were going downhill. They lost control of the dolly and the individual stepped in front of it to try and stop it and it kept falling. And the platform landed on her head. She was pronounced deceased on scene and is currently at out Westfield office to have an exam. Again, we can be reached at (b) (7)(C). And the zip code of the workplace fatality is 01223. Thank you.

[SKIP TO MAIN CONTENT](#)

Each year thousands of people from across the U.S. and around the globe visit the Berkshires of Western Massachusetts to experience the [Festival](#) with more than 50 dance companies and 500 free performances, talks, and events; train at [The School at Jacob's Pillow](#), one of the most prestigious professional dance training centers in the U.S.; explore the Pillow's rare and extensive dance [Archives](#); and take part in numerous [Community Programs](#) designed to educate and engage dance audiences of all ages.

MISSION STATEMENT

To support dance creation, presentation, education, and preservation; and to engage and deepen public appreciation and support for dance.

PRESENTATION

World premieres, U.S. debuts, exceptional and diverse artists, and collaborations with composers, visual artists, and writers comprise over 150 performances presented each [Festival](#) season.

CREATION

New work and the development of the art form are supported through commissions, the [Pillow Lab](#), and [the Jacob's Pillow Dance Award](#).

EDUCATION

[The School at Jacob's Pillow](#) provides training by eminent faculty that not only produces great dancers, but also great artists. The [Intern Program](#), [Public School Programs](#), and [Community Programs](#) educate people of all ages about the art of dance.

PRESERVATION

The Pillow is a National Historic Landmark with rare and extensive dance [Archives](#) encompassing materials from 1894 through today. The photography collections, films, library, exhibits, and video viewing stations are free and open to the public.

ENGAGEMENT

The general public, students, scholars and artists are invited to experience dance through more than 200 free performances and [talks](#), rehearsals, class observation [tours](#) and interaction with artists, scholars, writers, filmmakers, and composers. The Pillow also mounts p [SKIP TO MAIN CONTENT](#) organizations and public schools to engage with the diverse residents of Berkshire and surrounding counties with a focus on the town of Becket and the City of Pittsfield.

Jacob's Pillow takes great pride in its role as a presenter, educator, engager, and chronicler of dance. The [Board](#) and [Staff](#) share a level of passion, enthusiasm, and dedication to our mission, the Pillow's history, the dance field, and those within it. The following values drive our work:

INCLUSION

We encourage a broadly diverse group of individuals to participate in our programs and join our Board and Staff, and insist on being inclusive of all peoples regardless of their race, ethnicity, gender, sexuality, socio-economic background, or disability.

LEADERSHIP

We listen carefully, take the time to reflect on our successes and challenges, admit when we do not know something, and are accountable for our actions; recognizing that a crucial part of our role is to mentor the next generation of artists, arts administrators, and production staff.

INTEGRITY

We trust each other to be respectful, honest, and straightforward; we earn each other's trust every day by acting with the highest of ethical and moral standards and by discussing issues openly and transparently.

FLEXIBILITY

We understand that the ability to take risks, creatively problem-solve, re-prioritize, troubleshoot challenging circumstances, and occasionally let go of assumptions is vitally important to the adaptability and resilience of our organization.

PARTNERSHIP

We believe that our success as individuals and as an institution is made possible by reciprocal relationships with people and organizations in communities that surround us, and by thoughtful and intentional relationships with artists, audiences, members, funders, and colleagues in the field.

SUSTAINABILITY

We are active stewards of our environment and protect the health and well-being of our historic campus and the people who animate it. We sustain the field of dance by preserving our past, engaging with our present, and investing in our future.

SKIP TO MAIN CONTENT

We actively pursue and commit to new strategies to build our ongoing work in [inclusion, Diversity, Equity, and Access](#) (IDEA) in an effort to unseat racism and bias at Jacob's Pillow. We seek to provide regular updates to the general public

A RICH HISTORY

How the Pillow became a treasured
space for dance.

Establishment Search

Reflects inspection data through 07/30/2025

Use our establishment search to locate OSHA enforcement inspections by establishment name. You can also search by a specific inspection number or inspections within a specific industry using NAICS or SIC.

You can now find citation information for violations that Federal OSHA has cited.

For violation and citation results:

- Enter the establishment name in the "Establishment" box and select the "Search" button at the bottom;
- Select the Activity Number (inspection) in the search results;
- If a citation was issued, it will appear under "Violation Items"; and
- Select the "Citation ID" to view the details for that specific citation.

Continue to check back for updates, as citations or violations may be modified during the investigation process.

⚠ Note: Before using our establishment search, please read important information below on how to interpret the results.

Search By:

Your search did not return any results.

Enter an Establishment name, select an OSHA Office, or enter a Site Zip Code.

NOTE TO USERS

The Integrated Management Information System (IMIS) was designed as an information resource for in-house use by OSHA staff and management, and by state agencies which carry out federally-approved OSHA programs. Access to this OSHA work product is being afforded via the Internet for the use of members of the public who wish to track OSHA interventions at particular work sites or to perform statistical analyses of OSHA enforcement activity. It is critical that users of the data understand several aspects of the system in order to accurately use the information.

The source of the information in the IMIS is the local federal or state office in the geographical area where the activity occurred. Information is entered as events occur in the course of agency activities. Until cases are closed, IMIS entries concerning specific OSHA inspections are subject to continuing correction and updating, particularly with regard to citation items, which are subject to modification by amended citations, settlement agreements, or as a result of contest proceedings. THE USER SHOULD ALSO BE AWARE THAT DIFFERENT COMPANIES MAY HAVE SIMILAR NAMES AND CLOSE ATTENTION TO THE ADDRESS MAY BE NECESSARY TO AVOID MISINTERPRETATION.

The Integrated Management Information System (IMIS) is designed and administered as a management tool for OSHA to help it direct its resources. When IMIS is put to new or different uses, the data should be verified by reference to the case file and confirmed by the appropriate federal or state office. Employers or employees who believe a particular IMIS entry to be inaccurate, incomplete or out-of-date are encouraged to contact the OSHA field office or state plan agency which originated the entry.

Ahh, I see, understood.

I just heard from AJ and Pam that 11:30 works well for them too. Should we plan to have me call you at 11:30, then I can conference them in?

Unfortunately, we do not and can't download it because it is a government computer.

It can be done over the phone if we would like to just conference people into it. It won't take long.

Hi (b) (7)(C),

I think 11:30 can still work, let me just reconfirm with AJ and Pam. Do you use Zoom by any chance? We don't have to do video, but it will let us all "one click" into the call from Mintz's Zoom account – let me know, thank you.

Good morning,

I was out in the field all day yesterday, so I apologize for not responding sooner. Friday works just fine. I can do 11:30 if that time is available.

Should I just give you a call and you can conference them in? Will it be on teams?

Thanks,

(b) (7)(C)

(b) (7)(C),

I've just heard back from AJ and Pam – could any time between 11:30-1:30 on Friday work for you? If that window is no longer open, then we can look for times on Monday as well. Please let

me know, thank you.

Regards,

Drew

(b) (7)(C)

Thank you for the email. My assumption is that Pam Tatge (Pillow's Executive Director) and AJ Pietratone (Pillow's Deputy Executive Director) will want to attend the conference. I've reached out to them and am just waiting on their availability, and my guess is that Friday is the most likely candidate. If for some reason Friday cannot work, could Monday work as well? If you would like to discuss anything over a call in the interim, please let me know and I am glad to call you. Thank you (b) (7)(C), and I'll be back shortly with Pam's and AJ's availability.

Regards,

Drew

Good afternoon,

I would like to schedule the closing conference for this inspection at this time. Do you, and anyone else who would be in attendance, have any available time on Thursday or Friday of this week? Let me know of any availability and I can work it into my schedule.

This can be done over the phone or on Microsoft Teams. Please provide the telephone contact number if by phone, and e-mail addresses for those attending if by Teams.

Thank you,

(b) (7)(C)

Good morning,

This is the official document request for OSHA Inspection 1841662 Jacob's Pillow Dance Festival, Inc. I am requesting copies of the following documents:

General:

- OSHA 300 and 300a forms for the current year as well as the last three (2025 so far, 2024, 2023, 2022, 2021)
 - Note: These are time sensitive and are required to be sent within 4 hours of this notification.
- 301 forms (or equivalent) for any recorded/reported injuries in the last 6 months
 - Note: These are time sensitive and are required to be sent within 4 hours of

this notification.

- Safety Briefings, Toolbox talks, JSA, etc. for last 60 days (if any exist)
- Documented employee complaints filed within the last six months (if they exist)

Training :

- Any training program or documents that show training was provided to employees

Accident Investigation:

- Company Accident investigation for the incident, including:
 - If any safety and/or work policies are changed due to this incident, please send that information.
 - Pictures taken during the accident investigation.

This request should be considered a living document and can be expanded based on the information collected. Please let know if you have any questions.

Thank you.

Hello All,

I hope everyone had a good weekend. I am circling back to see if Igor and (b) (7)(C) have scheduled a time for their interview. Please let me know, and likewise let me know if I can provide assistance here.

Regards,

Drew

Subject: Jacob's Pillow Dance Festival - Ygor Lobo Interview

(b) (7)(C) and Ygor:

Thank you both for your communications in the past couple of days, I appreciate both of your efforts. I thought it would be easiest to include all of us on the same email string for purposes of scheduling Ygor's interview.

Ygor, do you want to let (b) (7)(C) know of your availability in the next few business days, and then (b) (7)(C) can schedule the interview at a good time for you? I understand that you are comfortable speaking with (b) (7)(C) alone, but feel free to let me or AJ know if you'd like us to join

the call.

(b) (7)(C) if you recommend a different way to approach scheduling with Ygor, please let us know as well and we can make every effort to accommodate.

Thank you both again.

Regards,
Drew

Hi Drew and (b) (7)(C)

Thanks for coordinating and for the loop. (b) (7)(C), I'm available at any time tomorrow, Monday morning, or anytime on Tuesday. Please let me know if any of those options work for you or if there's another time you'd prefer.

Thanks,

With gratitude and humility, Jacob's Pillow acknowledges that it rests on the ancestral homelands of the Muh-he-con-ne-ok or Mohican people, who are the Indigenous peoples of this land. Despite tremendous hardship in being forced from here, their community resides in Wisconsin today, known as the Stockbridge-Munsee Community. We honor and respect their ancestors, past and present, as we commit to building a more inclusive and equitable space for all. In addition, we honor the Agawam, Nipmuc, and Pocumtuc, who also made their homes in what is now known as Western Massachusetts, and recognize their continued existence and contributions to our region.

Good morning,

This is the official document request for OSHA Inspection 1841662 Jacob's Pillow Dance Festival, Inc. I am requesting copies of the following documents:

General:

- OSHA 300 and 300a forms for the current year as well as the last three (2025 so far, 2024, 2023, 2022, 2021)
 - Note: These are time sensitive and are required to be sent within 4 hours of this notification.
- 301 forms (or equivalent) for any recorded/reported injuries in the last 6 months
 - Note: These are time sensitive and are required to be sent within 4 hours of this notification.
- Safety Briefings, Toolbox talks, JSA, etc. for last 60 days (if any exist)
- Documented employee complaints filed within the last six months (if they exist)

Training :

- Any training program or documents that show training was provided to employees

Accident Investigation:

- Company Accident investigation for the incident, including:
 - If any safety and/or work policies are changed due to this incident, please send that information.
 - Pictures taken during the accident investigation.

This request should be considered a living document and can be expanded based on the information collected. Please let know if you have any questions.

Thank you.

Sure thing.

Does 11:30 (in 30 minutes) work for you?

I'll be available for the afternoon until 2:30 p.m. so if not 11:30, just let me know what time works for you.

Dear (b) (7)(C),

Jacob's Pillow has asked that I assist it with certain aspects of the OSHA investigation [OSHA Inspection 1841662 / Jacob's Pillow Dance Festival, Inc.]

Would you have a few minutes to connect today regarding the interview of Jason Wells?

Please let me know, and I will be glad to call you at a convenient time. Thank you, and speak soon.

Regards,

Drew

Good morning,

This is the official document request for OSHA Inspection 1841662 Jacob's Pillow Dance Festival, Inc. I am requesting copies of the following documents:

General:

- OSHA 300 and 300a forms for the current year as well as the last three (2025 so far, 2024, 2023, 2022, 2021)
 - Note: These are time sensitive and are required to be sent within 4 hours of this notification.
- 301 forms (or equivalent) for any recorded/reported injuries in the last 6 months
 - Note: These are time sensitive and are required to be sent within 4 hours of this notification.
- Safety Briefings, Toolbox talks, JSA, etc. for last 60 days (if any exist)
- Documented employee complaints filed within the last six months (if they exist)

Training :

- Any training program or documents that show training was provided to employees

Accident Investigation:

- Company Accident investigation for the incident, including:
 - If any safety and/or work policies are changed due to this incident, please send that information.
 - Pictures taken during the accident investigation.

This request should be considered a living document and can be expanded based on the information collected. Please let know if you have any questions.

Thank you.

 - Note: These are time sensitive and are required to be sent within 4 hours of this notification.
- Safety Briefings, Toolbox talks, JSA, etc. for last 60 days (if any exist)
- Documented employee complaints filed within the last six months (if they exist)

Training :

- Any training program or documents that show training was provided to employees

Accident Investigation:

- Company Accident investigation for the incident, including:
 - If any safety and/or work policies are changed due to this incident, please send that information.
 - Pictures taken during the accident investigation.

This request should be considered a living document and can be expanded based on the information collected. Please let know if you have any questions.

Thank you.

Summary of Work-Related Injuries and Illnesses

Note: You can type input into this form and save it.
Because the forms in this recordkeeping package are "fillable/writable" PDF documents, you can type into the input form fields and then save your inputs using the [free Adobe PDF Reader](#).

All establishments covered by Part 1904 must complete this Summary page, even if no work-related injuries or illnesses occurred during the year. Remember to review the Log to verify that the entries are complete and accurate before completing this summary.

Using the Log, count the individual entries you made for each category. Then write the totals below, making sure you've added the entries from every page of the Log. If you had no cases, write "0."

Employees, former employees, and their representatives have the right to review the OSHA Form 300 in its entirety. They also have limited access to the OSHA Form 301 or its equivalent. See 29 CFR Part 1904.35, in OSHA's recordkeeping rule, for further details on the access provisions for these forms.

Number of Cases

Total number of deaths	Total number of cases with days away from work	Total number of cases with job transfer or restriction	Total number of other recordable cases
<u>1</u>	<u>3</u>	<u>1</u>	<u>0</u>
(G)	(H)	(I)	(J)

Number of Days

Total number of days away from work	Total number of days of job transfer or restriction
<u>3.5</u>	<u>7</u>
(K)	(L)

Injury and Illness Types

Total number of . . . (M)			
(1) Injuries	<u>3</u>	(4) Poisonings	<u>0</u>
(2) Skin disorders	<u>0</u>	(5) Hearing loss	<u>0</u>
(3) Respiratory conditions	<u>0</u>	(6) All other illnesses	<u>1</u>

Post this Summary page from February 1 to April 30 of the year following the year covered by the form.

Public reporting burden for this collection of information is estimated to average 58 minutes per response, including time to review the instructions, search and gather the data needed, and complete and review the collection of information. Persons are not required to respond to the collection of information unless it displays a currently valid OMB control number. If you have any comments about these estimates or any other aspects of this data collection, contact: US Department of Labor, OSHA Office of Statistical Analysis, Room N-3644, 200 Constitution Avenue, NW, Washington, DC 20210. Do not send the completed forms to this office.

(b) (7)(C)

Dear (b) (7)(C)

I am writing to share with you the findings of the Occupational Safety and Health Administration's (OSHA) inspection of the loss of Kat Sciroco.

As you may know, OSHA inspects the worksites where tragedies have happened to determine whether a violation of OSHA safety and health standards occurred. If OSHA finds that the employer violated any safety and health standards, the agency may issue citations. However, OSHA is unable to issue citations solely because there was a workplace fatality.

OSHA has completed its inspection of Jacob's Pillow Dance Festival, Inc. and determined that no violation of safety and health standards occurred related to the incident; therefore no citations or proposed penalties were issued.

We understand that you and your family may have questions about the inspection. If you, or anyone in your family, have questions, please do not hesitate to contact me directly: (b) (7)(C) or email at (b) (7)(C). You are welcome to submit a written request for inspection information that may be released at no charge to you, through the Freedom of Information Act (FOIA). For more information, please visit www.osha.gov/foia.

I again would like to express to you my deepest sympathy.

If you have any questions about our inspection, please do not hesitate to contact me.

Sincerely,

Stephenie Smulligan-Maldanis

Stephenie Smulligan-Maldanis
Acting Area Director
Springfield Area Office

February 9, 2026

(b) (7)(C)

Dear (b) (7)(C)

Please accept our sincere condolences for the loss of Kathryn “Kat” Sirico. Each of our fallen workers are so much more than a number or an incident. They are our fathers, mothers, sisters, brothers, children, spouses and more. They are those that completed your family. In honor and recognition of your loved one and all of our fallen workers we are hosting multiple events throughout the week of April 20-April 24, 2026, leading up to Workers Memorial Day on April 28.

On Thursday, April 23, 2026, the Occupational Safety and Health Administration and Mine Safety and Health Administration will come together to recognize *Workers Memorial Day* as a nation to honor and remember all our fallen workers. We cordially invite you and your family to join us in-person at the Workers Memorial Ceremony and Wreath Laying Ceremony that will be held in-person at 1 p.m. ET (Frances Perkins Building, 200 Constitution Ave NW, Washington, DC 20210, Great Hall) and at our Workers Memorial Candlelight Vigil at 7 p.m. ET (more details to come). To confirm your in-person attendance or if you would like more information about these and other events, we are hosting, please contact (b) (7)(C). If you are unable to join in-person, please know the afternoon ceremony will be live streamed (www.osha.gov) for your convenience. We invite you to keep up to date on all the events we are hosting at osha.gov/workers-memorial.

OSHA has also created a virtual Workers Memorial Wall (www.osha.gov/workers-memorial) to honor and recognize those who lost their lives while on the job. In addition to injuries or incidents, there have been many lives lost due to occupational illnesses and diseases in the U.S. They too are family members – spouses, children, siblings, grandparents, friends and coworkers – and we recognize them and all our fallen workers on this page through the scrolling of the names and/or their photographs. We would like to invite you to share your loved one’s picture/name with us at remembrance@dol.gov to be honored and included in our tribute during the Workers Memorial Day ceremony and to include on our virtual memorial wall.

We know and understand that there are often no words that can be said to ease the pain and devastation one endures after such an unexpected loss. However, we hope you take some ease knowing that your loved one’s hard work and dedication will not be forgotten, and their work will forever have an imprint on our nation as it grows and develops. Please know we value all our fallen workers and offer their families our support, compassion and appreciation. I would like to again express to you my deepest sympathy. If you have any questions or concerns, please contact me, information is listed below.

Sincerely,

(b) (7)(C)

(b) (7)(C)

Dear (b) (7)(C)

My name is (b) (7)(C). I am the (b) (7)(C) for the Occupational Safety and Health Administration. Please accept my heartfelt condolences for the loss of Kathryn "Kat" Sirico.

I understand the devastation that you and your family are experiencing as I lost someone dear to me in a work incident in 2009. I know that your loss is immense.

You may have questions about the events that led to Kathryn's fatal injury. OSHA is investigating the incident to help get the answers that you and your family deserve. Mary E. Hoye, Area Director of the Springfield Area Office, is overseeing the investigation, which will be thorough, so we ask that you allow up to six months to complete it. When it is completed, the investigator will share the findings with you. For your reference, the OSHA Inspection Number is 1841662.

In the meantime, please know that you and your family are not alone during this time. I have included information and resources that I hope you will find helpful. I also welcome you to contact me if you have any questions or concerns. I am here to help ease some of your concerns and assist you in finding answers to your questions about OSHA, the inspection process, Workers Memorial Day, or other matters related to OSHA.

Please accept our sincere sympathy. Feel free to reach out to me if we can be of any assistance to you or your family.

Sincerely,

(b) (7)(C)

(b) (7)(C)

Dear (b) (7)(C)

Please accept my heartfelt condolences on the tragic loss of Kathryn Sirico.

Per your conversation with Stephenie Smulligan on August 19, 2025, this letter confirms that the Occupational Safety and Health Administration (OSHA), Springfield Area Office, is investigating the circumstances surrounding the fatal injury of Kathryn.

It can take up to six months to complete our investigation, at which time we can share our findings with you. If you believe you, or another family member, or friend may have information that would assist in our investigation please contact us.

If you, or anyone in your family, have questions or concerns, please do not hesitate to contact us at (b) (7)(C)

Sincerely,

A handwritten signature in blue ink, appearing to read "Mary E Hoyer".

Good morning/afternoon,

Please find attached a copy of the national Workers Memorial Ceremony invitation to which I will be sending to the NOK/Family on or about Monday, February 9, 2026.

If for any reason you do not believe the invitation should be sent, please advise as I do not want to cause any confusion for the family.

Thank you for your time.

Best,

Subject: Notification of fatality inspection #1841662 and NOK

Hello,

On August 1, 2025, the Springfield, MA Area Office opened an investigation following the death of Kathryn Sirico. On this day, Ms. Sirico was moving stage equipment on a dolly down an incline. The dolly became uncontrollable and overturned, striking and causing fatal injuries to Ms. Sirico.

An inspection was opened of:

Jacob's Pillow Dance Festival, Inc. - #1841662

358 George Carter Road

Becket, MA 01223

Deceased: Kathryn Sirico

NOK: (b) (7)(C)
